

NESNELERDEN MİMARİ TASARIMA

(Beyin Fırtınası Etkinliği)

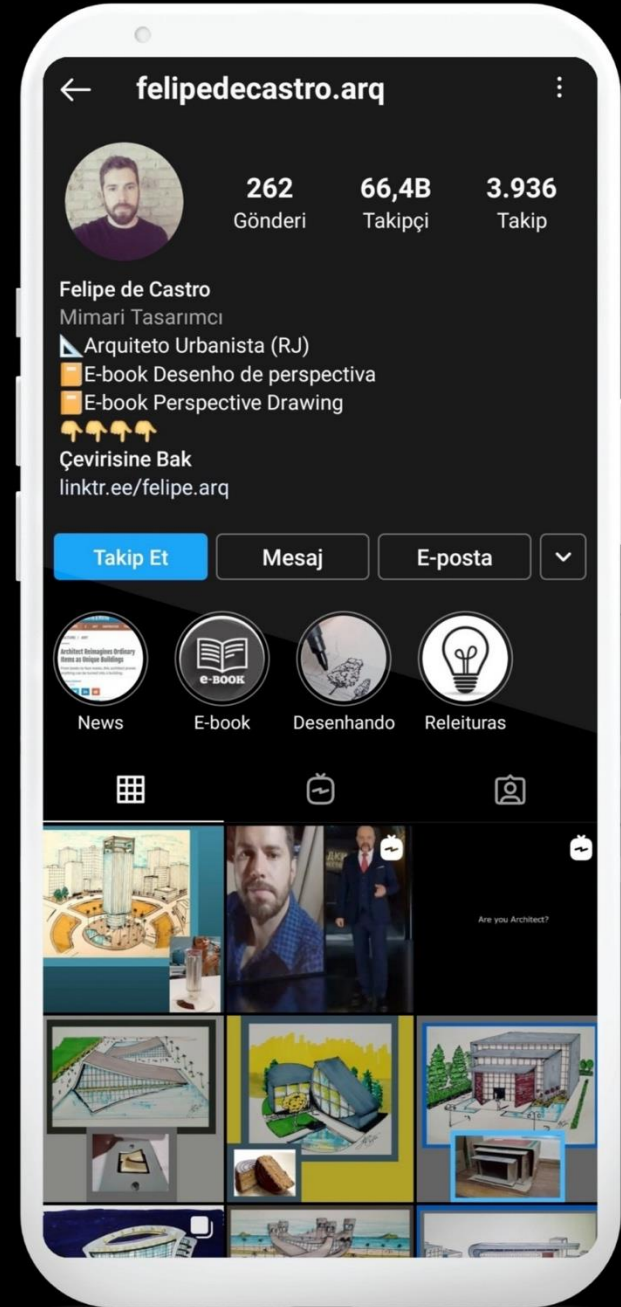

Mürsel EREN

Felipe de Castro adlı Brezilyalı
mimar, gündelik nesnelerden
ilham alarak sıra dışı binalar
tasarlamaktadır.

Felipe de Castro'nun birbirinden ilginç mimari tasarımlarını birazdan göreceğiz. Ve izleyeceğimiz görsellerden ilham alarak bir beyin fırtınası çalışması yapacağız.

Beyin fırtınası çalışmamız şu şekilde olacaktır:

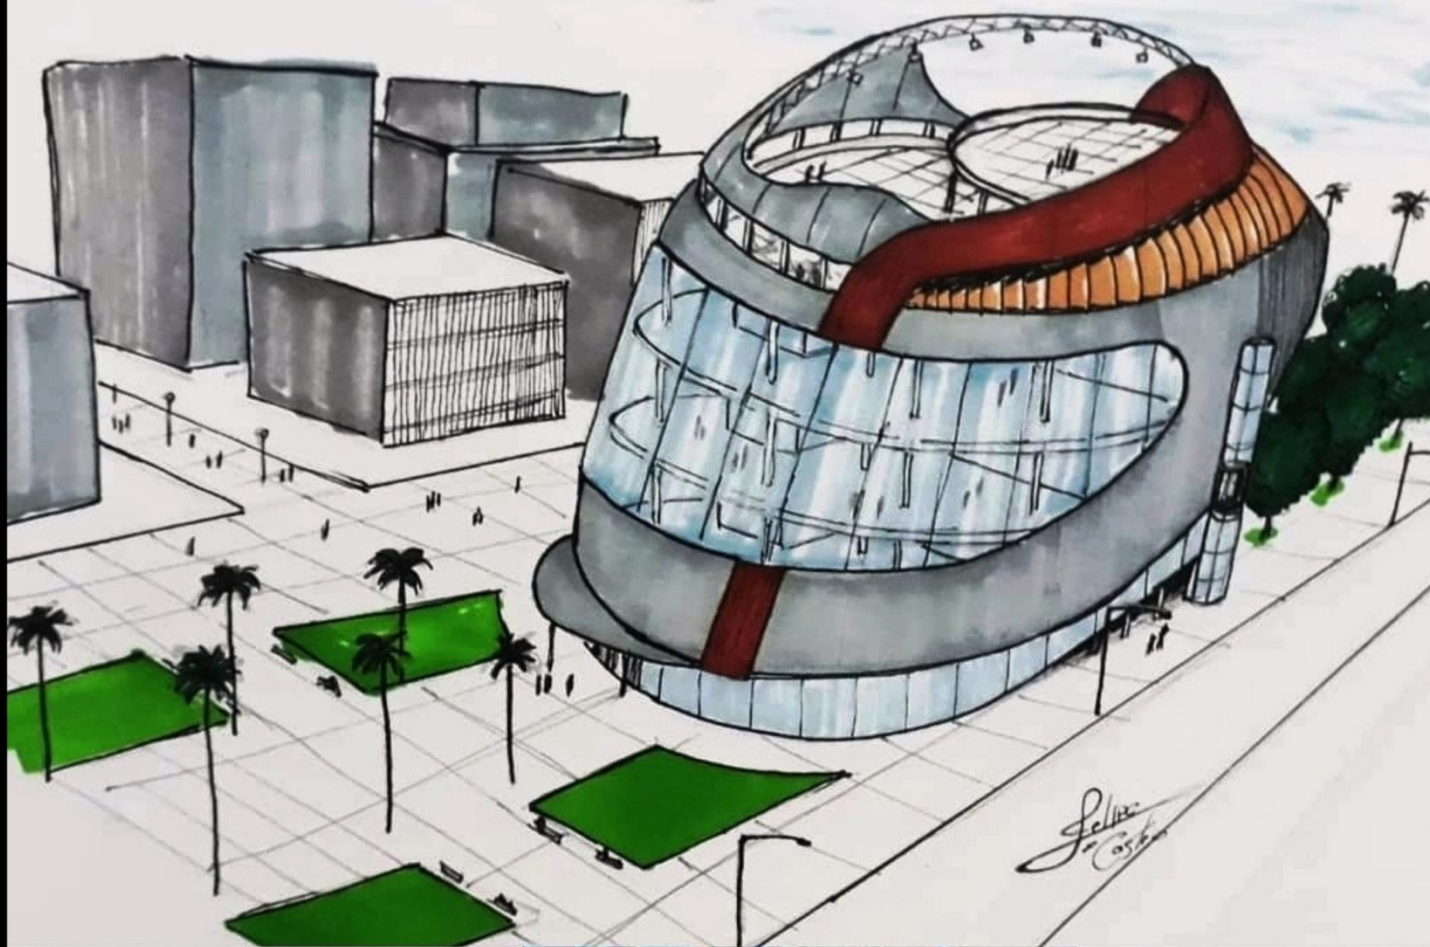

- 1.Çevremizdeki nesnelere bir göz atalım.
- 2.Bu nesnelerden seçtiğimiz bir tanesi ile mimari yapılar arasında zihnimizde bir benzerlik yakalamaya çalışalım.
- 3.Hayal gücümüzle zihnimizde canlandırdığımız mimari yapıyı, kâğıda çizerek gösterelim.
